COUNT

We are all consumerists. The more you consume, the more you reject (water, food, drinks, paper). By **donating for famine relief in East Africa every time you go to the toilet**, you'll remember that you're lucky enough to process food and drink.

Hand-drawn tally marks followed by ten horizontal dashed lines for counting.

Total amount to donate _____

50/50 is a collaborative experiment, a platform of 50 little bets. Each project aims to engage a network of supporters to **help spread the word and generate as much money for famine aid** as possible. **Find out more at 5050.gd**
You can also share your pictures on our Facebook page "Toilet to Pocket" **#toilettopocket**
